

Department of the Interior - National Park Service

**Final
Rural Landscape Management Program
Environmental Impact Assessment**

Cuyahoga Valley National Park
Cuyahoga and Summit Counties, Ohio

Abstract: This Final Rural Landscape Management Program Environmental Impact Statement describes and analyzes four alternatives for the long-term management of the rural landscape (including agricultural lands and associated structures) in the park:

- Alternative 1: No Action (Current Management)
- Alternative 2: Countryside Initiative (Preferred Alternative)
- Alternative 3: Vista Management (Environmentally Preferred Alternative)
- Alternative 4: NPS Farming

This document analyzed potential impacts to cultural resources, vegetation, wildlife, water resources and the social environment. These impacts are summarized at the end of Chapter 2 and presented in detail in Chapter 4.

Lead Agency: National Park Service

Type of Action: (X) Administrative () Legislative

For Further Information Contact:

Superintendent John P. Debo, Jr.
Cuyahoga Valley National Park
